## Methodist Church Destroyed by Fire

Didsbury Methodist church was destroyed by fire on Thursday night last. The church, which was being repaired, being totally demolished. The alarm was rung in a few minutes after 8 p.

on account of the majority of the people mistaking the alarm as being for church services. The church had been used until quite a few minutes after the brigade with the engines and other help did not reach the scene of the fire until the flames had a good hold of the building. When the engines did reach there nothing could be done except to take out the furniture and organs, and everything but the building was saved.

The cause of the fire originated from the use of gasoline for starting the fire to warm the church as there was to have been a meeting that night. It is reported that the person who put the gasoline on the fire had been warned a few minutes before about the same thing but he evidently thought there was no danger, with the usual results. The building was erected about three years ago and was a fine and substantial building. Insurance on the building is carried by the Occidental Fire Insurance Co. and amounts to \$500.

Sunday School and church services will be held in the Baptist church until further notice.

# DOCTORS FAILED

Suffered Several Years With  
Kidney Trouble, "Pernu"  
Cured Me."

Mr. John N. Watkins, 3133  
Shenandoah Ave., St. Louis  
Mo., writes  
"Among all the greatly ad-  
vertised medicines for kid-  
ney and bladder trouble,  
there is not a single one  
equal to Pernu. I suffered  
for several years with this  
trouble, spent hundreds  
of dollars on doctors and  
medicine and all to no  
purpose until I took Per-  
nu."

"One bottle did me more good than  
all the others put together, as they  
only poisoned my system. Pernu  
cured me. I used it for four months  
before a complete cure was ac-  
complished, but am truly grateful to  
acknowledge the merits of Pernu,  
which I take pleasure in now doing."

## SHE CURED HER HEART DISEASE

WHEN SHE CURED HER KID-  
NEYS WITH DODD'S  
KIDNEY PILLS

Mrs. Henry J. Jacques Found a  
speedy relief for all her troubles,  
and now enjoys the best of health.

St. Rose du Lac, Man. (Special).—  
That Heart Disease is one of the re-  
sults of disordered Kidneys, and is  
consequently easily cured by Dodd's  
Kidney Pills, is the experience of  
Mrs. Henry J. Jacques, of this place.  
"My heart troubled me all the  
time," said Mrs. Jacques in an in-  
terview, "and I knew what terrible  
results might follow. The fact that  
my limbs would swell and my back  
ache led me to believe that I also  
suffered from Kidney Disease, so I  
determined to try Dodd's Kidney  
Pills. I bought four boxes, and be-  
fore I had finished the third box the  
swelling was gone, my back was well  
and my heart no longer troubled me.  
I am now in the best of health, and  
I owe it all to Dodd's Kidney Pills."  
Heart Disease is one of the troubles  
that come from unhealthy Kidneys.  
They fail to strain the impurities out  
of the blood, and these impurities are  
bound to affect the heart, which is  
the engine that propels the blood  
through the body. To cure Heart  
Disease cure the Kidneys with Dodd's  
Kidney Pills; to prevent Heart Dis-  
ease keep the Kidneys toned up and  
healthy by using Dodd's Kidney Pills.

Mother: "Since our Willie has got  
into long trousers he is beginning to  
think he knows more than we do."  
Father: "Well, if he remembers the  
answers to all the questions he has  
asked he knows at least as much as  
we do."

It Makes New Friends Every Day.—Not  
a day goes by that Dr. Thomas' Electric  
Oil does not widen the circle of its friends.  
Orders for it come in from the best places  
in the west and far north, for its  
fame has travelled far. It deserves the  
attention for to all has done so much  
for humanity. Its moderate cost makes it  
easy to get.

New Shipman.—"Shall I say that we  
formerly sold the goods at three shil-  
lings a yard?"  
Old Hand.—"Makes it two and  
eleven. You can't expect people to  
believe that we ever sold anything at  
at even figures."

**Shiloh's Cure**

the throat and lungs. 25 cents.

Clarence.—"I heard about a fellow  
who had been more than six months  
and found he couldn't get a job—then  
he went crazy."  
Charles.—"Ain't that sad? The joy  
of it must have turned the poor fel-  
low's head."

**A Bible Name**  
The late Bishop Gallier was once  
asked to baptize a negro baby boy.  
"Name the child," he said, address-  
ing Mrs. Jackson, the mother of the  
blue-skinned child.  
"Hallud," remarked the bishop hesitatingly.  
"That's a strange name, Mrs. Jack-  
son," remarked the bishop hesitatingly.  
"Scripture name," rejoined the  
happy mother with a confident grin.  
"I never saw it in the Bible."  
"Why, Bishop, how kin yuh stan'  
up dar kiddin' a ole ignorant nigger  
lak I is? Yuh says dat name when  
yuh says de Lord's prayer—Hallud  
be Thy name!"

Insistent Salesman.—And another  
great feature of our typewriter is the

to inject yellow journalism into my  
correspondence.

**A Mild Pill for Delicate Women.**  
The most delicate woman can undergo a  
course of Parmelee's Vegetable Pills  
without fear of unpleasant consequences.  
Their action, while wholly effective, is  
mild and agreeable. No violent purges  
purging follow their use as thousands of  
women who have used them can testify.  
They are therefore, strongly recommended  
to women, who are more prone to dis-  
orders of the digestive organs than men.

A small boy living with his aunt  
and grandma, noticed on one occasion  
that the regular black pepper shaker  
was partly filled with red pepper.  
This aroused no little concern on the  
part of the lad and turning to his  
aunt, who sat next to him at the  
table, he said: "You'd better not eat  
any of that red pepper, Aunt Harriet;  
grandma says that red pepper kills  
ants."

She was a new waitress, and was  
very aristocratic, having lived with  
the Boschys-Marshalls for three  
years. She had only consented to  
take service with the Joneses. Mrs.  
Jones had been calling one after-  
noon and on her return she asked the  
maid "Has anybody been here this  
afternoon, Jane?"

"No, ma'am," said Jane. "But  
here are the Tompkinses' cards.  
Have they called?" "Yes, ma'am,"  
said Jane, with a superior air, "but  
you know, Mrs. Jones, the Tomp-  
kinses ain't anybodies."

"Are you going to settle anything  
on your daughter?" asked the young  
man with the cigarette and the lan-  
guid air. "Well, it rather looks, if  
she marries you, that she is going to  
settle something on me," replied the  
parent.

The fire on Thursday night is another warning to the town council to bestir themselves and get more fire fighting appliances, such as hooks, extension ladders, a water system and other things, as well as to get the fire brigade on a better footing. The chemical engines are good when a fire is caught near the start, but when a fire gets headway there has to be something more. The alarm system is also wrong. This matter was brought up in Council last year when a representative of a firm supplying fire fighting apparatus was present and the whole matter of purchasing a bell and erecting a tower opposite the telephone office was gone into, but it was shelved for some other scheme which has never materialized. We think this should be taken up at once and a bell erected as stated, which should be used for nothing else but for fire purposes, and other necessary appliances purchased.

Will the Council take up the matter of beautifying the town this year?

The C. P. R. gave permission to one of the councillors to fix up land north of the depot, opposite the postoffice, for a public park and the matter was brought up in Council last year. It was never carried through. It is not known whether the C. P. R. ever stands good but the council should take steps to enquire into the matter and get a provision for the park to be made in the charter. This is not only a bond to be made in town but nothing looks more unbecomingly than a vacant lot on the main street. Other towns to the north of us have gone ahead and made these improvements and we are certainly lacking in civic pride when we allow these things to be. The cost would be very slight for the benefits to be derived.

## The Reciprocity Treaty

The Canadian-American reciprocity treaty was made public on Thursday last, and since there is a large free trade reduction on manufactured articles are small. The agreement can be changed at any time either country has no preference is not affected.

## THE U.F.A. CONVENTION

## DECISIVE ACTION TAKEN ON IMPORTANT QUESTIONS

Farmers Will Not in Future Favor Supporting Candidates for Political Positions Unless They Approve of Principles of U. F. A.—Secretary Will Devote All His Time to Work of United Farmers.

Calgary.—The annual convention of the United Farmers of Alberta came to an end with the delegates feeling that they had taken decisive action on every question that had been brought before them in the interest of the farmers.

The convention unanimously and enthusiastically endorsed the resolution of the Canadian Council of Agriculture, as passed at a recent meeting of that body. The endorsement was embraced in the following resolution:

"That this convention does hereby endorse the resolution adopted by the Canadian Council of Agriculture and presented to the Dominion government on Dec. 16, 1910, and the delegates here assembled further reaffirm all the principles laid down at this convention."

Warm discussion was aroused by a resolution that the secretary of the farmers support only those candidates of provincial and Dominion legislature who are known to support the initiative, referendum and recall, and who place in the hands of the local electors the right of their various constituencies an up-to-date presented to the people, and in which they are members, if not as demanded by 25 per cent. of the voters of the said constituency.

E. J. Froom, secretary of the association, objected strongly to the part of the resolution following the words "initiative, referendum and recall." He declared that it was straight bossism to add the clause about resignation, and he urged the delegates not to favor it. It would harm the U. F. A. and its principles.

Mr. Warner supported Mr. Froom, and an amendment followed that all those following "initiative, referendum and recall" be stricken out. The delegates favored this. George Hoadley, M.P.P. for Okotoks, said that he was perfectly willing to resign himself in favor of the initiative, the referendum and the recall.

The mover of the resolution, Mr. Alexander, of Millet, refused to allow it to be altered. Owing to this the convention by a very large majority voted that the resolution be laid on the table, although it is understood that the farmers will continue to favor supporting candidates for political positions unless they approve of principles of the initiative, referendum and recall.

An important matter taken up during the last moment was the future of the province of the Dominion to enter into a great association. This will need money, and the plan is to have voluntary contributions by the farmers, ranging from twenty-five cents to as many dollars as one wishes to contribute. The money to be sent to the central board, the subscriptions to be handled by the Grain Growers' Guide. It is expected that a wonderful work of organization can be done in this. The delegates favored such a scheme and voted solidly for it.

At the meeting of the board of directors it was decided to make the headquarters of the organization in Calgary. Accordingly the secretary, who will move his office from Innisfail here as soon as possible. The secretary will receive a substantial increase in salary and will devote all his time to the work of the U. F. A.

Those who will act on the various committees for the coming year are as follows:

**Monument to Heroes of 1812 War.**—Toronto, Ont.—A large deputation waited upon Sir John A. Macdonald, urging that the hundredth anniversary of the battle of Queenston Heights be marked by the erection of a monument in stone at the site of the battle. The monument is to be a lasting memorial to Brock, Tecumseh, Macdonald and the brave soldiers and sailors who fell in the war of 1812-15.

## THE AGRICULTURAL SCHOOL

## Some Interesting Facts About The Meetings To Be Held There

Calgary.—The definite dates are now set for the big agricultural school to be held at the University of Alberta, which will be held from February 6 to 12. The Agricultural Society and the United Farmers of Alberta in Stratford are strongly behind the project and this means a big success.

Here are a few of the pointers to be heard in mind:

1. School starts Monday morning, February 6, at 10 o'clock.

2. Comfortable quarters will be arranged for all meetings.

3. Everything is free.

4. Two cars of the best stock in Alberta will be on hand for stock judging.

5. Among the horses will be found Hackneys, Percherons, Clydes, Shires, Belgians and Suffolk Punches.

6. Among the cattle will be found Holsteins, Ayrshires, Guernseys, Jerseys, Shorthorns, Aberdeen Angus and Herefords.

7. Prof. W. L. Carlisle, one of the best stock judges on the continent and one who has judged at the great Chicago International show will be present to instruct in judging.

8. Prof. Altkorn, of Montana, will give instructive addresses on irrigation, alfalfa raising, soil handling, etc.

9. Prof. Fairfield, of the Dominion Experimental Station, Lethbridge, and an alfalfa expert, will also be present.

10. Mr. Stevens, live stock commissioner for the province will talk on hog raising.

11. Mr. Marker, provincial dairyman, will talk on all phases of the dairy.

12. Free lunch will be served each noon for those who attend regularly.

## HOLD RAILWAYS RESPONSIBLE

## Important Resolutions Passed at The Forestry Convention Held in Quebec

Quebec.—Twelve resolutions were laid on the table giving the summary of the conclusions of the Canadian Forestry convention and the adoption marked the close of the convention, which has been an unparalleled success.

Hereafter the convention recommends that railways be responsible for all dangers to forests by fire whether due to negligence of their employees or their contractors.

This abrogates the section whereby if the company has taken proper precautions the penalty will be \$5,000.

They approve the policy of utilizing timber cut on Crown lands within the country.

They propose that a national highway be constructed from the Atlantic to the Pacific and that provincial governments increase their subsidies for the building of the new roads and improving existing ones.

Thanks are expressed to Sir Wilfrid Laurier and to the Quebec authorities, who have led the convention successfully.

## TWENTY SECTIONS IN WHEAT

## One Company Will Sow Over Twelve Thousand Acres This Spring

Calgary.—Four thousand acres of C. P. R. irrigated lands will be sown with wheat this year by the company of irrigation lands.

This information was received from C. O. Bragg, who arrived in Calgary recently. The company has 12,800 of irrigated land and 12,800 of non-irrigated land in the irrigation block south of Kinross and is planning to exercise modern methods in its development. Very timely gas engines and motor tractors will be used in breaking and seeding.

It is expected that the applications will be made at the stations at the time of the enlistment and the amount of payments to postmasters will be small.

## Panama Exposition at New Orleans

Washington.—By vote 9 to 3, New Orleans was selected by the committee on expositions as the site for the Panama Canal Exposition in 1914. It is expected an appropriation will be granted. There had been considerable rivalry between New Orleans and San Francisco to gain the recognition of the congressional committee.

## Recognition of Colonies

London.—Many suggestions for the direct recognition of the overseas dominions at the coronation have been conveyed to the King. One that is side by side with the four knights of the earlier holding the coronation for the colonies is that the coronation should be for representatives of the Empire, Canada, Australia and South Africa.

## HAVE FINISHED WORK

## COMPLETION OF RECIPROCITY NEGOTIATIONS

Conference Has Lasted Two Weeks, and an Agreement Has Been Reached as Far as Executive Branches of Both Governments are Concerned—Result Will Not be Announced For a Few Weeks Yet.

Washington.—The Canadian and American reciprocity commissioners have just finished their negotiations, and the various schedules affected have been agreed upon. With in two weeks from the date that the Canadian reciprocity commissioners began their conference in Washington, an agreement has been reached so far as the executive branches of the governments of the United States and Canada are concerned, that will result in the substantial reduction of customs duties on a number of products, natural and manufactured, of the two countries.

The commissioners met at the State department for the purpose of making a careful comparison of various schedules involved in the arrangement to make necessary changes in the tariff and that nothing remained likely to be subject to conflicting constructions have put the finishing touches on the agreement in accordance with the announcement contained in the statement given to the press when the commissioners first met.

Even when an agreement was practically reached, the commissioners felt themselves bound to refrain from giving the least intimation as to the progress of the negotiations, and that information should be withheld until the sessions of the commissioners have reached an end, and make necessary changes in the tariff will be made. As soon as that is done the president will take the necessary action in the case of the ratification of Congress.

While the usual course in such cases is to submit a draft treaty to the Senate for its approval and accompanying this by a project for legislation to make necessary changes in the schedules, it is possible that there will be a departure from the usual order in the case of the Canadian reciprocity project. This looks to the abandonment of treaty entirely in favor of legislation.

No good reason is seen why all purposes will not be served by the passage of a bill in the Senate and House making the tariff schedules correspond to the rates exacted in the case of Canadian products only.

It is presumed that the Canadian legislature can deal with the subject in the same way, in which case there would be no occasion for the intervention of Imperial authorities for a treaty of any kind. The commissioners expect that the conference will conclude the negotiations.

## 30,000 SHEEP FOR NORTH B. C.

## Big Herds of The Animals to Be Taken To The Far North of The Province

Victoria.—A contract is being arranged with the Grand Trunk Pacific line by a syndicate backed by eastern capitalists to transport 30,000 sheep from the ranges of Oregon by way of Seattle to Virago Sound on the west coast of British Columbia, in the B.C., where a sheep stand has been established to prepare for big herds of the animals.

The sheep will go by rail to Seattle and will be loaded on the steamer "Virago" for transport to the sheeping construction material to Virago Sound for the new whaling station of the United Fish and Game Fisheries company at Naden harbor.

## WANT DRY NAVY

## The Establishment of the First Canadian Fleet Called Forth a Storm of Protest

Halifax.—The recent establishment of the first Canadian navy has called forth a storm of protest from the temperance district throughout the province. A few days ago part of the naval fleet was seen in the harbor, and it was shed with the necessary fittings, and a cannon service opened its doors to welcome the new fleet of ships and marines. The new fleet is known as "recreation quarters," until the Canadian navy will become more acceptable to the privileges of sailors on shore leave.

## May Be Germ of Greater Things

London.—The Times, in an editorial recently, on the subject of the navy, has expressed the opinion that the agreement is the germ of many questions largely affecting Canada's manufacturing interests, because it would open an unlimited field for controversy.

But since President Taft's agreement the Times is of the opinion that it cannot be unimportant and that it may be the germ of many greater things.

## Eggs From China Unfit for Food

Montreal.—A consignment of frozen eggs from Hankow, China, valued at \$100,000, has been found to be unfit for food by the board of control. A chemist reported them unfit for use as food.

## COM. SIMS WILL NOW BE GOOD

## He Has Been Reprimanded for Being Just a Little Bit Too

Washington.—The general order issued to the naval service by Secretary Meyer, reprimanding in accordance with the president's order, the Commander W. S. Sims, of the battleship Minnesota for his "every drop of blood speech," delivered in London on December 3, was made public a few days ago.

After quoting the letter recently addressed to Secretary Meyer by the president, who stated that Commander W. S. Sims, was censurable and gave orders that he be publicly reprimanded, Secretary Meyer added these words in the general order: "A public reprimand is hereby administered to Commander W. S. Sims, United States Navy, and will be entered upon his official record. The gravity of the offense is so clearly set forth in the occasion mentioned, and no additional remarks appear necessary to indicate to the naval service the lack of tact or knowledge of plain duty by an officer of the navy of the ability exhibited by Commander Sims on the occasion mentioned, and to prevent a repetition of such a regrettable occurrence."

After quoting the order was sent more than a week ago to Commander Sims, who is at Guantanamo, where the occasion mentioned, and in conference with the rest of the Atlantic battleships.

## TO WAIT LONG TIME FOR NAVY

## The New Cruisers and Destroyers for Canadian Navy Will Be Ordered Within a Month

Ottawa.—The January number of the navy league assembles a considerable amount of information regarding the navy projects of the several dominions of the British Empire.

First it quotes the following paragraph from the Army and Navy Gazette: "The four new cruisers and destroyers to be ordered in the Dominion (Canada), are to be ordered by contract this month, and the cost of which a subsidy will be given, and the first ships are to be ready in three years, all ten being delivered within six years."

The plans of the new ships have been approved in accordance with the admiralty suggestions, and their total estimated cost will be from 2,600,000 to 2,800,000 pounds.

"It will be seen, therefore, that while Australia by the middle of 1912 will have a fleet of four cruisers, three protected cruisers and three destroyers available for service, Canada will have ordered in accordance with the admiralty suggestions, and their total estimated cost will be from 2,600,000 to 2,800,000 pounds."

## THE SUNDAY SCHOOL

## LESSON V.—FIRST QUARTER, FOR JAN. 25, 1911.

Text of the Lesson, 11 Chron. xvi, 1-13. Memory Verses, 3, 4—Golden Text, Matt. vi, 33—Commentary Prepared by Rev. D. M. Stearns.

This week's lesson is much more attractive than that of last week, inasmuch as we are now introduced to another good king of Judah, Jehoshaphat, by name, who succeeded his father Asa and reigned twenty-two years. Last week it was chiefly the devil and his wickedness; now it is chiefly Jehovah and His ways. We say "chiefly" because there were some things in the life of Jehoshaphat which were not ordered by the Lord, though they were doubtless covered by Him for good. I refer to his joining affinity with Ahab and with Ahaziah, king of Israel, who both did very wickedly (xxvi, 1, xx, 30). God wants a people who are true to Him and who are not so entangled by or mixed up with unbelievers. Our instructions are plainly written in His word, and the only passage in the New Testament outside of Revelation where we are told to be separate from the unbelievers of which we will not know in our experience unless we are wholly separated from them.

Many beautiful things are said of Jehoshaphat in our lesson, such as the Lord was with him; he sought to the Lord God of his fathers; his heart was lifted up in the ways of the Lord; also some grand things that he did and that he was a man of God, such as "Believe in the Lord your God, so shall ye be established; believe His promises, and ye shall prosper" (xx, 20); also his charge to the Levites and priests in chapter xix, xxi, and his prayer in chapter xli, 6-12.

It was most commendable that he should have been so true to the Lord, the Lord of his fathers, who established the kingdom in his hand, and not only all Judah, but also the Philistines and the Arabians, and him presents, and he had riches and honor in abundance; and waxed great exceedingly in his days, so that all men feared him, and he was called "Jehovah" (xxvi, 1).

It is most commendable that he should have been so true to the Lord, the Lord of his fathers, who established the kingdom in his hand, and not only all Judah, but also the Philistines and the Arabians, and him presents, and he had riches and honor in abundance; and waxed great exceedingly in his days, so that all men feared him, and he was called "Jehovah" (xxvi, 1).

### Union Bank of Canada Absorbs United Empire Bank.

The latest move in the strengthening of Canada's financial institutions is the decision to merge the United Empire Bank, whose headquarters have been in Toronto, with the strong Union Bank of Canada, with head office in Quebec.

The United Empire Bank was established in 1906. It has a paid up capital of a little over a half a million and eighteen branches in Ontario.

Though perfectly sound and ably managed, the bank found it difficult to make headway against the natural preference of depositors and business men for its larger and stronger competitors. The directors have therefore wisely decided to cast in their lot with the Union Bank of Canada.

This will give the Union Bank assets of over \$50,000,000, with more than 225 branches in Canada. As none of the branches of the United Empire Bank, except in Toronto, duplicated those of the Union Bank, the combined staffs, as Union Bank branches. The Directorate of the United Empire Bank will form an Advisory Board for the Union Bank. Similar arrangements will be made for the western provinces, which has worked out so satisfactorily.

The Albertan publishes an announcement of its anniversary edition, which will be issued on Feb. 28. In connection with this issue it is giving a series of prizes. For the best story sent in upon an Alberta subject by a bona fide Alberta resident, a prize of \$100 is awarded. For second, the prize is \$50; for third \$25 and five other prizes of \$25 each. Entries are closed on Feb. 28. Prizes are offered to children under 16 years of age, for the best story upon Alberta. The first prize is a gold in ink and \$150.00 in cash. Twelve other medals are also offered. The adults' story is also offered to 5,000 words and the children's to 2,000 words. The prizes are distributed in the usual manner, by giving a silver medal every half year to the child, y, for its best story, and asks a poet to do a poem to mark the day of February.

## Announcement

**WE** have secured the sole agency for Semi-ready Tailoring—the highest type of modern tailoring; and we ask our customers to come and view the garments made in the conservative and cultured styles men admire.

**THE** Semi-ready corporation has won for itself a world-wide reputation. Its progress has been wonderful. By their physique type system they tailor Men's Clothes to fit men of any physique type—Normal, Tall, Short in Height, Short-Stout, Tall-Stout or Slim—it matters not whether or not you cannot be fitted in ready-mades, you can surely be correctly fitted by the Semi-ready System.

**LEADERS** in the making of Men's Clothes—the Semi-ready Company have attained their position by adhering truly to high quality of fabric, to good workmanship, and to fair, standard prices for work that is worthy.

Every garment sold is guaranteed worth the price, and warranted to give satisfactory service.

**PRICES** of Semi-ready Clothes are fixed and plainly marked on each garment. They are sold at the same prices everywhere in Canada. A \$15 or \$20 Suit or Overcoat here costs the same in Montreal or in Vancouver.

Special Suits can be made to order at the factory in 4 days' time. We send your measure.

Semi-ready Clothes have many imitators, but no competitors. The inside work on a Semi-ready coat gives it a distinction in style, and the wearer will find that in the day-to-day service this style and shape holds good and true. The values are good and the Clothes are cheap in the true sense of the word.
